All contractors know that somewhere, sometime, something will go wrong. It's inevitable. That's why so many successful contractors develop plans to reduce the risk, with Lombard Canada insurance coverage as the solid foundation.

Lombard, working with Cooke Insurance Brokers, has custom-built a comprehensive insurance package to cover a contractor's special needs. It's based on experience - a special relationship with contractors built over 200 years as a Canadian insurer. And it's backed by more than \$1 billion in assets.

The Contractor's Package protects your buildings, tools, equipment and the liability of your products and operations. You're covered at the office, storage site, on the road and at the job site.

*Buildings, tools, equipment, liability. All covered in one package, custom-built for contractors.**
